

FLEXNET™ Same quality and reliability you have learned to trust, now available in **ANY** custom spacing to meet the needs of growers everywhere.

Fastest and simple sub-main installation & retrieval

Leak free

No snaking

Wide range of diameters
Diameters: 2"-12"
Pressures: 7-44 psi

Custom spacing - Any single outlet spacing in increments of 1" – Made to order

Skip spacing - Spacing between the outlets in a cluster and spacing between the clusters along the pipe. *See image above.*

HOW TO ORDER FLEXNET SKIP SPACING

1. -- Material (FXN or FXN HP)
2. -- Diameter
3. -- Outlet size (always 1/2")
4. -- Number of outlets per cluster
5. -- Spacing between outlets in a cluster
6. -- Spacing between cluster
(Measured at center line of cluster)
7. -- Length of coil – meters and feet.

Example

	1	2	3	4	5	6	7
	FXN	8"US	1/2"	2XOC	8"	120"	100m= 328ft
